

OpenFOAM installation in different operating systems:

Versions: OpenFOAM v2206/v2212/v2306

(<https://www.openfoam.com/>)

1. Windows 10/11:

<https://develop.openfoam.com/Development/openfoam/-/wikis/precompiled/windows>

OpenFOAM needs to be installed using WSL (Windows Subsystem for Linux)

WSL – installation: <https://learn.microsoft.com/en-gb/windows/wsl/install>

OpenFOAM in WSL:
